Andrew Onoriode AYEM0

COMPUTER SCIENTIST, FRONT-END DEVELOPER

44, Damingoro street Mushin Lagos state, 08124106198, 09135608154.

ayemoandrewgold@gmail.com **|** Andrew Gold LinkedIn**|** Ayemo-AndrewGold GitHub

Objective

Computer Science student and Front-End Developer with hands-on experience in building web applications and training peers in coding. Passionate about software development, problem-solving, and continuous learning. Seeking an Industrial Attachment opportunity at Bincom Dev Center to apply my technical skills, contribute to innovative projects, and grow into a well-rounded software professional through mentorship and teamwork.

Professional Experience

Camp Registration Web App - Glorious Christian Fellowship Tabernacle

2025 | Lagos, Nigeria

- Developed a **responsive web app** to replace manual camp registration.
- Allowed attendees to **secure hall/room allocations online** before arrival, reducing queues.
- Automated **ticketing and data collection**, providing accurate statistics and budgeting support for the church.

Front-End Developer (Freelance) – Future You Limited

2025 | Lagos, Nigeria

- Developed and launched a **fully responsive corporate website** for Future You Limited, a transformation-focused organization.
- Utilized **React, HTML, Tail wind, and JavaScript** to create a modern, user-friendly interface with clear navigation.
- Implemented **Git/GitHub version control** to ensure development stability and collaboration.

- Optimized site for **performance and cross-device responsiveness**, enhancing user engagement.

Founder – ANDOR TECH HACKDEMY
2025 | Lagos, Nigeria (Online)

- Founded a **tech training institute** empowering students with digital skills in web development and computer science.
- Trained **60+ students** in HTML, CSS, JavaScript, React, Git/GitHub, and related tools.
- Created curricula, supervised projects, and provided career mentorship.
- Conducted **live coding sessions** to enhance problem-solving skills and project readiness.

Phonetics Coach – Faith Diction Academy
Sept 2022 – June 2023 | Lagos, Nigeria

- Trained students in **speech clarity and articulation** through group and individual sessions.
- Designed pronunciation drills and monitored learner progress for measurable improvement.

Masterful Speaker – Friendship Leadership Institute
Feb 2022 – July 2022 | Lagos, Nigeria

- Delivered **motivational speeches and workshops** to inspire leadership and communication skills.
- Facilitated interactive sessions that improved confidence and teamwork among participants.

Education

Yaba College of Technology – Lagos, Nigeria
OND in Computer Science (*Part-Time, Expected 2025*)

- Relevant coursework: Programming, Data Structures, Algorithms, Web Development, Database Management, Networking, Operating Systems.

Scrimba (TechUp Africa Scholarship) – Certificate in Front-End Development

- Built a **student management system** with HTML, CSS, Bootstrap, JavaScript, and React.

TechBridge Program – Lagos, Nigeria – Diploma in Front-End Development

Developed a **student management system** using HTML, CSS, Git, GitHub, JavaScript, and React.

ODI-OLOWO/OJUWOYE ICT Program – Lagos, Nigeria – Diploma in Full-Stack Development

- Created a **web-based system** using HTML, CSS, Bootstrap, JavaScript, jQuery, MySQL, and Python.

Technical Skills

- **Languages & Tools:** HTML5, CSS3, JavaScript, React, Bootstrap, jQuery, MySQL, Python
- **Version Control & Deployment:** Git, GitHub, Netlify
- **UI/UX & Debugging Tools:** Figma, VS Code, Chrome DevTools
- **Operating Systems:** Windows, Linux
- **Soft Skills:** Communication, Teamwork, Problem-solving, Time Management

---

Projects

Camp Registration Web App – Glorious Christian Fellowship Tabernacle
Technologies: React, tail wind, JavaScript, Git/GitHub

- Developed a **responsive web app** to replace manual camp registration.
- Allowed attendees to **secure hall/room allocations online** before arrival, reducing queues.
- Automated **ticketing and data collection**, providing accurate statistics and budgeting support for the church.

Future You Limited Website
Technologies: React, HTML, CSS, JavaScript

- Designed and launched a **corporate website** with responsive design and intuitive navigation.
- Improved accessibility and cross-device usability, boosting engagement.

Konga E-Commerce Clone

Technologies: HTML, CSS, JavaScript

- Built a **responsive prototype** with interactive product listings and navigation.

Portfolio Website

Technologies: React, HTML, CSS, JavaScript

- Created a **personal portfolio** to showcase projects and technical skills.
- Integrated React components and smooth UX interactions.

Leadership & Extracurricular Activities

- Tech Club Member, Yaba College of Technology
- Participant, Scrimba TechUp Africa Program
- Graduate & Mentor, ODI-OLOWO/OJUWOYE ICT Program
- Organized and volunteered at **coding workshops for high school students**

Key Achievements

- Founded **ANDOR TECH HACKDEMY**, training aspiring developers.
- Recognized as **Best Graduating Student**, ODI-OLOWO/OJUWOYE ICT Program.
- Built and deployed a **portfolio website** showcasing multiple real-world projects.
- Completed online coding challenges to sharpen problem-solving and algorithmic skills.
